PROJECTS

2002 – Present – **Founder/Curator of [Flash Goddess Gallery](#)** – An online showcase for experimental and artistic Flash experiences. We provide a setting for innovative work that may be considered too experimental for commercial projects.

The goal of the [Flash Goddess Gallery](#) is to extend the main Flash Goddess web site and highlight women who are pioneering in their use of Flash. We intend to bolster the exposure of women and give recognition to women of distinction in this field by providing a destination for experiencing creative interactive media.

We seek to inspire users to extend their view of Flash capabilities and to challenge their own creative limits by demonstrating a wide range of inventive uses of Flash.

1989 – **Co-Director of The Blacksmith Gallery**- 285 St. Patrick Street, Ottawa
